BECOME EFFECTIVE PROJECT LEADERS

DEVENEZ CHEFS DE PROJET LEADERS

The MSc Project Management is designed for students who wish to enlarge their knowledge, skills and potential as highly effective project leaders. While preparing the PMI certification (official qualification in project management), the students will have the opportunity to increase their competitive advantage by developing real-life projects supervised by managers, and to develop highly required skills in a wide range of sectors.

Le MSc Project Management s'adresse à des étudiants désireux de développer leur potentiel et leur expertise : enseignements centrés autour de la gestion de projet, de projets réels proposés et encadrés par des professionnels, certification du PMI (Project Management Institute).

PROGRAMME STRENGTHS

- Real life project tutored by project managers and PMI members
- Approach to PRINCE2 international certification as well as PMI certification
- Free annual PMI membership (French chapter)

- Projets concrets tutorés par des chefs de projet et membres du PMI
- Modules de découverte des certifications internationales PRINCE2 et PMI
- Adhésion annuelle gratuite au Chapitre Français du PMI

TARGETED SKILLS AND COMPETENCIES

- Knowledge of the management concepts, methods and tools to plan, steer and control projects
- Integration of business sustainability, agility and digital tools as new paradigms in projects
- Efficiency to match the economic and social demands of the stakeholders

- Connaissance des concepts, des méthodes et des outils managériaux pour planifier diriger et contrôler des projets
- Intégration de la durabilité des activités, de l'agilité et outils numériques comme nouveaux paradigmes dans de projets
- Efficacité pour faire concorder les demandes économiques et sociales des parties prenantes

TESTIMONIALS

Alok SONI
“Coming to ESC Clermont has been one of the most enriching experiences of my life. After having four years of combined experience in the Hospitality sector in USA and India, I was looking for a change and ESC Clermont had given just the right opportunity. I chose the MSc. in Project Management (PM) program due to its global application. The subjects and the practical projects were all immaculately weaved together to give us best possible education. The visiting faculties, industry specialists and project managers all shared their first-hand experience and challenges to give us a complete picture.”

Arnaud JOURDE ERDENER
“J’ai décidé de rejoindre le MSc Project Management afin de développer les compétences que j’ai acquises sur ce domaine pendant une mission de 4 ans en Chine. Les cours reprennent tous les aspects que j’ai rencontrés sur place. Une des forces de ce programme est la mixité d’étudiants, avec des formations et des nationalités différentes, ce qui lui donne une autre dimension et pose un défi supplémentaire : le management dans un environnement international et multiculturel.”

Sarah MARHABA
“The MSc Project Management offers a unique opportunity for students to be exposed on both theoretical and practical case studies. Courses given by highly experienced and professional staff, allowing the students to have a clear perception of the business world of today. A rich program focusing on developing the knowledge and skills of international students, encouraging them to work in teams, understanding each other’s cultures as well as providing them with the right tools, new technologies, and methods which can be implemented in projects.”
